A screenshot of the Visual Studio Explorer sidebar. The sidebar is dark-themed and contains a vertical list of icons on the left: a document icon, a magnifying glass, a folder icon, a magnifying glass with a cursor, a flask, a grid icon, a four-pointed star, a speech bubble with a star, a lightning bolt, and an ellipsis. The main area of the sidebar is titled 'EXPLORER' with a three-dot menu icon to its right. Below the title, there is a section titled 'NO FOLDER OPENED' with a downward arrow icon. The text below this section reads: 'You have not yet opened a folder.' Below this text is a blue button labeled 'Open Folder'. Further down, there is a paragraph of text: 'Opening a folder will close all currently open editors. To keep them open, add a folder instead.' At the bottom of the sidebar, there are two expandable sections: 'OUTLINE' and 'TIMELINE', each with a right-pointing arrow icon.
